## About MIT ART, DESIGN & TECHNOLOGY UNIVERSITY

MIT Group of Institutions, Pune is one of the most prestigious groups in the academic sector known for its unique blend of value-based professional education in the areas of Technology, Medicine & Health Care, Schools, Management & so on. Maharashtra Institute of Technology, the flagship institute of MIT Group of institutions, Pune was established in the year 1983, under the aegis of Maharashtra Academy of Engineering and Educational Research or better known as MAEER, Pune.

MIT is one of the first nine private Engineering institutions in Maharashtra. It is the culmination of Hon'ble Dr. Vishwanath D.Karad's vision, the Founding Father of MIT Group of Institutions, Pune that quality education should reach masses and be made available to every merit holder irrespective of one's class, creed or religion.

The four-decade long journey of MAEER's MIT epitomizes the relentless pursuit of quality and excellence in the name of commitment and dedication, the nutriment of value and discipline, the quest of science and spirituality and in the enrichment of research and education. The academicians associated with MIT are committed not only to imparting knowledge but also augment the proficiency in their various fields. MIT guides students to achieve their dreams and potential in this multidisciplinary institute that weaves a mosaic of integrity, commitment and dedication. Carrying forward the baton of a new tomorrow and contributing to the industrial and economic growth of the society and nation at large, MAEER's MIT continues to build the gateway to student successful careers.

MIT Art Design and Technology University (MIT ADT University), a leap towards world class education is established by the renowned MIT Group of Institutions. It is UGC recognised multi disciplinary University located on the 125 acres of campus at Raj Baugh, Loni Kalbhor, which was previously owned by late legendary actor of Indian Hindi Cinema Raj Kapoor.

The University campus is an embodiment of peace, serenity and tranquillity; aesthetically erected on the banks of Mula-Mutha river with its architecture ideation inspired from matrix of Saptarishi, Saptarang and Saptaswar. The magnificent world class state-of-the-art infrastructure with modern amenities with fully residential campus facility leads MIT ADT University to be one of the premium campuses.

MIT ADT University is a multi disciplinary University which offers programs at under graduate, post graduate and doctorate level in Fine Art Design, conventional engineering branches in Information Technology, Computer Science and Engineering, Mechanical, Civil, Aerospace Engineering Management, Marine Engineering, Bioscience Engineering, Food Technology, Film and Television as well as Broadcasting and Journalism in education as well. Most of the programs are designed in such a way that they satisfy the current needs of the specific industry.

With a vision of Holistic Development, the university has designed compulsory core credits to foster the complete campus transformation of students as winning personalities or corporate leaders, social transformer & nation builder. University level Mega Gala Events, Persona Fest & Vishwanath Sports Meet are known nationwide.

## OUR TRUE SOURCE OF INSPIRATION

### **Hon'ble Prof. Dr. Vishwanath D. Karad**

Founder, MAEER's MIT Group of Institutions, Pune

President, MIT Art, Design & Technology University, Pune, India

Our truest source of inspiration, Hon'ble Dr. Vishwanath D. Karad, the founding father of MIT Group of Institutions, is a renowned educationalist. Hon'ble Dr. Vishwanath D. Karad is admired for his exemplary work in the field of higher education, human rights, spiritual sciences and spiritual advice. He has driven the MIT Group of Institutions to reach out to over 50,000 students across 75 institutions & 4 Universities. A true visionary, Hon'ble Dr. Vishwanath D. Karad has initiated some of the most ground-breaking activities under the banner of MIT Group of Institutions. Some of his initiatives include the International Robocon, Shri Saint Dnyaneshwar World Peace Prize, enhancement of pilgrimage centres at Alandi, Dehu, Pandharpur, etc.

His relentless efforts and valuable contribution towards Human Rights and Democracy have resulted in Maharashtra Institute of Technology, receiving a UNESCO chair in 1998 from UNESCO Paris. A staunch follower of Swami Vivekananda, Hon'ble Dr. Vishwanath D. Karad represented India in 'Parliaments of World's Religions' at the prestigious Salt Palace Convention, Salt Lake City, Utah (USA) in 2015. The convention was attended by over 10000 people, representing over 50 different faiths from over 80 Nations.

Hon'ble Dr. Vishwanath D. Karad has also orchestrated a unique mission of establishing the world's largest dome as "Philosopher Saint Shri Dnyaneshwar World Peace Center & Library", span across 160 feet in diameter and reaching 269 feet in height at the University campus. His vision 'to build a nation of competent individuals' is at the heart of MIT-ADT University. We aim at providing value-based education for academic excellence with various technical as well as cultural initiatives that fuel leadership qualities among our students.

## Innovation distinguishes between a LEADER and a follower.

MITADTU - CRIYA intends to cultivate scientific temper among students by motivating them to understand and innovate in Science, Technology, Engineering, Arts, and Design. Design thinking is a compulsory part of the curriculum. Regular Boot camps are organized through experts to stimulate them for 'out of the box' thinking. Semester-wise Project-based learning is adopted in the university. Every year best projects/ideas are selected & developed into products for commercialization through practical exposure to 3D printing labs/ makers lab/ supercomputing labs, and other state-of-the-art technologies to them. Students have to undertake & complete projects every semester, so their problem-solving ability is built.

# MIT ART DESIGN AND TECHNOLOGY UNIVERSITY, PUNE

## ART

With its focus on empowering the most unorganized sector with skilled professionals, the Art Spectrum offers courses in unconventional streams like Dance, Music, Performing Arts, Broadcasting & Journalism, Film and Television, Applied & Fine Arts.

## DESIGN

The Design Spectrum has been designed keeping in mind the changing face of global consumers. The courses comprise of highly relevant curricula in a variety of fields. From Architectural Designing to Fashion Designing, Product Designing to UI UX Designing, the courses are novel & competitive and enable students to pursue professional excellence.

## TECHNOLOGY

The Technology Spectrum is the perfect blend of conventional and modern courses that focus on strengthening the foundation while nurturing innovation in the field of technology. The Spectrum strongly promotes micro-specialized courses such as Artificial Intelligence, Cloud Computing, Data Science, Cybersecurity & Forensics, Blockchain, Aerospace Engineering, Robotics & Automation Mechatronics, Electric Vehicles, Transportation Engineering Energy Engineering amongst many others. Research suggests that the demand for skilled professional from these fields would be high in the near future.

## Vision and Mission of MIT ART, DESIGN & TECHNOLOGY UNIVERSITY

### VISION

MIT Art, Design and Technology University aspires to be the University of Eminence by amalgamating Art, Design, Science and Technology. The University aims to have a transformative impact on society through holistic education, multidisciplinary research ethos, innovation and entrepreneurial culture.

### MISSION

The Mission of MIT Art, Design and Technology University is to provide impetus to faculty, learners, and staff by developing their innate intellectual capabilities, creative abilities and entrepreneurial mind-set for the socio-economic development of the nation. We empower learners to become adaptive and agile global professionals through unique specialized programs building academia-industrial partnership. We nurture learners to be intellectually curious, technologically equipped, mentally sound, physically fit, spiritually elevated, socio-culturally sensitive, environmentally conscious through continuous holistic education for the ever-evolving world. We provide technology-enabled learner-driven curriculum, value added courses, simulated learning environments, state-of-the-art infrastructure and opportunities for community engagement.

## EXECUTIVE PRESIDENT

Dear Students, Today's world economy is driven by innovation led entrepreneurship. The Indian youth aspires to take up this challenge & contribute to India's GDP. MIT Art, Design & Technology University, Pune is a place for such aspiring Innovators & Entrepreneurs MIT-ADT University, a leading futuristic multi-disciplinary University with a unique blend of Art, Design & Technology programmes, prepares students for the future through its cutting-edge programmes and grooms them for their prospective workplaces through holistic education. Thus, increasing learning agility and resiliency of students who are empowered to meet the everevolving needs of the world.

The University in a short span has been recognized as a distinctive university delivering unparalleled academic excellence under the dynamic, foresighted leader, enabler and motivator, Prof. Dr. Vishwanath Karad, Founder-MIT Group of Institutions. With vast and influential corporate network, extensive research, and thoughtful approach, we have designed and customized new 'out of the box' specialized UG programmes, super-specialized PG programmes, in keeping with the prevailing employment trends and industry demands. Engineering Education at the University along with the usual engineering branches offers myriads of specializations like AI, Blockchain, Cybersecurity & Forensics, Cloud Computing, Aerospace, Robotics, Bioengineering, Food Technology, Marine Engineering and Nautical Science, to name a few.

To produce globally competent technocrats and innovators to lead and have a greater impact on society with its core vision to cater to Nation-building, MITADTU has established School of Holistic Development to transform students into winning personalities, School of Corporate Innovation & Leadership to build tomorrow's global leaders, Centre for Research & Innovation for Young Aspirants (CRIYA) for Innovation & New Product development, Centre for Future Skills Excellence for Emerging Technology courses, & School of Indian Civil Services offering B.A. Administration to prepare students for administrative services.

MIT-ADT University is committed to embark on the journey of empowering its students to lead a meaningful and fulfilling life through an inclination for innovation, having a temperament of compassion for the world around, and a passion to become risk-takers (entrepreneurs) by remaining deeply rooted in human values.

**"I heartily welcome you to this new generation University where all your dreams & aspirations will be fulfilled and where the pursuit of excellence begins."**

## PRO-VICE CHANCELLOR

**Prof. Dr. Anant Chakradeo**  
Pro-Vice Chancellor,  
MIT-ADT University, Pune.

Dear Students and Parents,

It is a matter of great pride and intense emotional fulfilment to introduce you to MIT Art, Design & Technology University, Pune (MIT ADTU). We are a part of the prestigious MIT Group of Institutes that believe in the amalgamation of Science and Spirituality. We aim and work towards transforming it into a University of excellence and put it on the world map of renowned and desirable universities.

This vast expanse of 125 acres is second home to students from all over the country and also several foreign students. The campus is thriving hub for world class education, research, innovation and entrepreneurship. We cater to multidisciplinary domains like Engineering Technology, Design, Drama, Fine Arts, etc. by providing a cross cultural, holistic and nurturing environment. Beyond academics, the serene surroundings help students to focus on their spiritual and mental wellbeing. The campus is well equipped for physical training, sports and outdoor activities. The students can indulge in various fests, contests, competitions and activities to keep themselves active and entertained.

All in all, MIT ADTU is a complete package to transform your children into successful professionals and socially sensitive leaders of the world. I will be happy to be the link between all stakeholders of MIT ADT University by connecting the Heads of all Institutes, Senior Management, Teaching and nonteaching staff, and above all Students and Parents. Welcome to MITADT University, the New Age University with unlimited opportunities.

## EXECUTIVE DIRECTOR

**Prof. Jyoti Dhakne**  
Executive Director  
MIT-ADT University, Pune.

Dear Students and Parents,

Creativity and innovation co-exist and thrive at MIT Art, Design and Technology University, Pune. Located at Rajbaug campus Loni Kalbhor, the award-winning campus spans over 100 acres of greenery. The private University is established as per the Government and University Act and offers Undergraduate, Post-Graduate and Doctoral degrees in Art, Design, and Technology through industry-focused programs.

MIT Art, Design and Technology University is home to more than 5000 students enrolled in over 113 different courses. The campus is equipped with residential, sports and cultural facilities and provide transportation to the city as well. All 15 colleges enlisted under MIT ADT University have made a mark in the industry with their relentless efforts in ensuring academic as well as overall development of its students.

The campus encourages learning and provide courses with state-of-art infrastructural facilities such as well-equipped laboratories, well maintained sports arena, academic structures and hostels. The recognition for the University has fuelled inception of many other specialised and novel programs such as Aerospace Engineering, Architectural Design, Project Construction, Infrastructure Management, Energy Engineering and Vedic Studies.

The multi-disciplinary campus is a true reflection of the beliefs and values imbibed by the Father Founder Prof. Dr. Vishwanath D. Karad.

About

MIT SCHOOL OF ARCHITECTURE

We believe in cultivating student-centred educational programs in Architecture and seek this through a pedagogy that is heuristic and responsive to the natural, social and cultural environments blended with technological inclination. We value passion and excitement for design, creativity, innovation and engagement with the issues of the built and natural environments. We sensitize students through various social, cultural, economic and religious backgrounds in making them responsible, versatile, creative and compassionate citizens. We encourage students in engagement and active participation.

## OUR VISION

To become a reputed institute of architecture that believes in creating responsible professionals who are intellectually capable, technologically advanced, socially conscious and culturally enriched while rooted in sustainable values of the built environment.

## OUR MISSION

To create an educational ecosystem in which new innovative ideas, pragmatic designs, spirit of exploration and leadership skills flourish which in turn create better designers of tomorrow.

To nurture sensitivity towards the environment and society, and inculcate values such as integrity, empathy, excellence and diligence.

To provide skill sets that transform the learners through rigorous coursework with a clear understanding of the market needs with advanced technologies.

To connect with the industry and academia around the world by strengthening collaborative efforts and fostering an education, research and consultancy ecosystem.

To make the learners well equipped to face the challenges of the present and future trends in the architectural field enabling them to be globally competitive and socially responsible architects with ethical values.

Faculty profile

MIT SCHOOL OF ARCHITECTURE

**Prof. Dr. Ashwini Pethe**  
Principal  
Ph.D.  
PGD in Urban Design  
B. Arch.

## From Principal's desk

We at School of Architecture envisage our School to achieve the highest standards in Architectural Education, Research, and Practice. Architecture being a multidisciplinary field, we aim at providing our students with the wisdom and exposure to innovative, technical and scientific knowledge, while preparing them to be sensitive, creative, and a skilled professional in the field of Architecture.

The school aims at providing students a platform to explore, learn, share, and grow. From the inception, we believe in a holistic growth of the students, not limited to classroom engagement, but also through hands-on workshops, field trips, site visits, and lecture series. We also encourage students to pro-actively participate in extracurricular activities like, sports, national and international competitions. The intent is to introduce students to the ground realities, peer-teaching and learning, and team spirit, that will not only help them in the long-run, but will also teach them ethics, integrity and entrepreneurial skills.

With this vision, we wish to set a standard in Architectural Education system wherein through interdisciplinary and intradisciplinary interface, we intend to augment our pedagogy of "Past, Present, and Future." While respecting our 'Past', performing effectively in our 'Present', and enhancing our 'Future', we have commenced with two Post-Graduate Programs – M. Arch in Traditional Indian Architectural Knowledge Systems (TIAKS) and M. Plan in Urban and Regional Planning (URP). We also provide Certificate courses in AI and GIS as Summer and Winter Programs. Overall, our School is an integrated unit providing Graduate, Post-Graduate, Doctoral and Certificate courses for an all-encompassing growth of students. Also, our faculty is a blend of highly qualified professionals with varied experiences and growing knowledge.

MIT School of Architecture is a growing institution with a promising future and I invite you to join us in this amazing journey as we move forward to help make tomorrow better.

## DESIGN CHAIR

**Prof. Dr. Harimohan Pillai**

Dr. Harimohan Pillai is a practicing architect, educator and an activist. He has completed his PhD on "Identifying and Establishing linkages in Architecture: Traditional to Modern" from Indian Institute of Technology, Kharagpur. Dr. Harimohan has an extensive experience in education and continues to conduct workshops and talks to benefit both, education and the profession. His academic interests revolves around teaching architectural graphics as a system of representation of architecture, imparting skills in school children for pursuing a career in design, conducting design workshops in schools of architecture and documenting traditional architecture of India. Current interest is in Traditional Indian Architecture Knowledge Systems, in both academic and professional development and applications, by way of mentoring the Master's course in TIAKS being conducted in MIT School of Architecture

# Bachelor of Architecture at MIT SCHOOL OF ARCHITECTURE

## About Bachelor of Architecture

The Bachelor of Architecture program aims at attaining a high level of excellence in architectural design. Studio exercises are viewed as the core of the program with crucial inputs being provided by experts specializing in the field of Arts, Humanities, Engineering and Technology. A strong foundation of multidisciplinary enabling skills related to space, construction, environment and aesthetics are offered to the students. These skills include drawing, architectural presentation, technical and managerial aptitudes in problem definition and solution seeking.

## Eligibility for Bachelor of Architecture

1. The candidate willing to apply for a B.Arch. (5 years full-time) program must have passed 10+2 scheme of examination in Physics, Chemistry and Mathematics.

OR

2. 10 + 3 Diploma Examination recognized by Central /State Governments with Mathematics, as a compulsory subject.

3. Candidate should have qualifying score of the NATA conducted by COA, New Delhi OR JEE conducted by NTA.

The merit list of eligible candidates will be prepared as per the directives of COA, New Delhi, for the shortlisting of candidates.

Please refer to:

<http://www.nata.in/>

<http://www.coa.gov.in/>

Students involved in ragging or any such illegal activities would be denied admission at MIT ADT University School of Architecture, in accordance with the Government regulations

All the admissions to the Architecture degree program shall be subject to a qualifying score of the NATA exam as prescribed by COA, New Delhi.

## Admission Process

Students seeking admission to First year of Bachelor of Architecture must fulfill the eligibility criteria laid down by Council of Architecture (COA), New Delhi, and MIT ADT University as per the year of application.

The admission processes are governed by the guidelines of COA and MIT ADT University. The aspirant needs to appear for the National Aptitude Test for Architecture (NATA) conducted by COA.

The Admission process for B. Arch. program consists of submission of application forms, declaration of merit list and counselling for application in the month of late July.

The counselling sessions are co-ordinated by the faculty members under the guidance of the principal.

**Physical Fitness:** Applicants selected for the admission are required to produce a physical fitness certificate from the registered medical officer of the MIT ADT University only, at the time of admission.

# Master of Architecture in Traditional Indian Architectural Knowledge Systems (TIAKS) at MIT SCHOOL OF ARCHITECTURE

## About Master of Architecture in Traditional Indian Architectural Knowledge Systems (TIAKS)

The program titled as, "Masters in Architecture (Traditional Indian Architectural Knowledge Systems) by MIT ADT University, School of Architecture, Pune, resonates between various disciplines such as arts, crafts, design, architecture, technology, languages and literature. Thus, this program will be in alignment with the interdisciplinary objective of the new NEP.

This program is designed to offer a comprehensive formal knowledge of Traditional Indian Architectural Knowledge Systems that encompasses the study of Vaastushilpashatra based on ancient texts, scientific study of building biology, Indology, traditional knowledge systems in arts, crafts, design, and architecture, supported with software skills. This program will offer knowledge of research methodologies, give hands-on experience with different art and crafts, and opportunities to learn regional/ Sanskrit language. Multiple choices will be offered for art, craft and design electives.

The progressive design studios will ensure the practical application of the core theory and research. The documentation part in the design studios will enhance analytical skills. This program will enable architectural professionals to confidently project them as Vaastu experts. This will enhance their individual practice. Large firms will also be eager to appoint them as they will have the scientific knowledge of Vaastu for their large projects. Appointing these experts will be another feather in the cap of large companies. Architects who are genuinely inclined towards research will also be benefited by this program.

This proposed program will be reinforced with the latest digital skill sets, thus creating professionals who will act as the ambassadors of rich traditional Indian knowledge across the globe. This course is approved by the Council of Architecture, New Delhi. The syllabus is designed as per the Council of Architecture, New Delhi, guidelines.

## Eligibility for Master of Architecture

Students seeking admission to the First year of Masters of Architecture M. Arch (TIAKS) must fulfil the eligibility criteria laid down by the Council of Architecture and MIT ADT University as per the year of application.

The candidate should have passed B.Arch. from a recognized university securing minimum CGPA 5.0 (50 %) aggregate marks. The candidate must qualify PERA - CET (Preeminent Education and Research Association) Exam.

## Admission Process for Master of Architecture

The candidate should duly fill the registration form and upload the Statement of Purpose by the specified dates. This shall be followed by an interview session. The list of shortlisted candidates shall be displayed based on the candidates performance in the interview, Statement of Purpose and Bachelor of Architecture score.

# Master of Planning in Urban and Regional Planning (URP) at MIT SCHOOL OF ARCHITECTURE

## About Master of Planning in Urban and Regional Planning (URP)

Planning is a dynamic profession that works towards the welfare of the people and communities by creating more convenient, equitable, healthy, efficient, sustainable and attractive places for the present and future generations.

ITPI Accredited Master's Program in planning is designed to fulfill the need of formal training requirement for holistic improvement in the area of urban development, town planning schemes and implementation of required development plans using various tools and techniques for planning and management.

### The focus of this programme is:

1. To equip students to become a planner with the ability to comprehend the knowledge of several aspects like spatial, environmental, socio-economical, cultural, behavioral, legal, political etc. of urban rural settlements. With these qualities, the student will also qualify to be a part of Government organisations and be a consultant in carrying out planning and execution of several projects for the betterment of urban environment.

3. The student can also focus on on becoming a Researcher to critically investigate and advocate innovative planning concepts to render the use of technology driven analytical tools and to seek solutions to an array of areas of concern.

The curriculum is designed to help shape the policies to combat climate change and global warming, contributing to the creation of self-sufficient communities. The curricula and pedagogy of the program are periodically updated with focus on quality and excellence to meet the demands of the changing world.

## Eligibility for Master of Planning

Eligible candidate must have

1. Bachelor Degree in Architecture/ Planning/ Civil Engineering / Technology. Masters Degree in Geography/ Sociology/ Economics.
2. Minimum Percentage required in the qualifying examination is 55.00 % or CGPA - 5.50 on the scale of 10 and above. (5 % relaxation for reserved category candidates)
3. Candidates with a valid GATE score will be preferred.
4. Non-Gate Candidates will be admitted through PERA-CET (Preeminent Education and Research Association's Common Entrance Test).

## Admission Process for Master of Planning

The candidate should duly fill the registration form and upload the Statement of Purpose by the specified dates. This shall be followed by an interview session. The list of shortlisted candidates shall be displayed based on the candidates performance in the interview, Statement of Purpose and satisfying eligibility criteria.

# Ph.D. in Architecture at MIT SCHOOL OF ARCHITECTURE

## About Ph.D. in Architecture

MIT School of Architecture is an institute that blends innovative engineering tactics with Traditional and Contemporary knowledge. MIT-SoA is committed towards two broad areas of research - Traditional Indian Knowledge Systems and Urban Studies. Applications in these two areas of research are highly encouraged and promoted at MIT-SoA. Through our Doctoral degree, we prepare our PhD candidates to acquire a methodical and critical understanding. Complex fields of learning and specialized research skills to advance learning are undertaken through specially designed coursework, specific to the candidate's area of research. The coursework is designed to provide PhD candidates with insights and training on the applications of systematic inquiry of the research questions.

## Eligibility for Ph.D.

To apply for Ph.D. program admission at MIT ADT University in a related subject in the Faculty, applicants fulfilling any of the following criteria shall be treated as eligible:

1. Candidates having good academic record i.e. have passed X, XII Std., Graduation, Post-Graduation with first division i.e. at least 55% marks or equivalent Grade Point Average (GPA).
