Date: August 23, 2024

Constitution of Committee to finalize service provider for Student Medical Insurance facility

The new admission process for the academic year 2024-25 is almost done. Every year we are providing medical insurance coverage to all newly admitted and existing students at MIT ADT University.

Last year Bajaj Allianz was the service provider for student medical insurance. The validity of insurance is for one year, which will be expired on November 16, 2024. For the current year, we need to find out and finalize the best service provider well in advance.

In this regard, a committee is constituted to find out the service provider who can provide the best service as per the market trend.

The following committee has been constituted for the same

Sr. No.	Name	Designation
1	Dr. Sudarshan Sanap	Chairman
2	Dr. Ashwini Pethe	Member
3	Prof. Shrikant Gunjal	Member
4	Dr. Ramesh Mali	Member
5	Dr. Ulhas Malwade	Member Secretary

The committee will collect the quotations from various insurance service provider agencies, prepare a comparative statement, conduct the negotiation meeting, and submit the details along with financial details to the office of the Registrar on or before 04th November 2024.

(Dr. Mahesh Chopade)
Registrar
